BRIEF ABSTRACT OF LETTER

Requests under the circumstances, stated that he may be empowered to sanction technical Scholarships.

NOTES AND ORDERS

The Govt of Govt asked for the same powers in June 1907. Govt after considering the matter stated that pending the question of Revising

(Vide G.O No 2584/GDN-419-06-2 dt 17/9/07)

2 The question of revising the Rules for Scholarships has not been decided, the Committee appointed for the purpose having not yet submitted their Report

3 The D.G. states that if he is empowered to sanction Scholarships, all special cases would be carefully considered on their merits, much hardship would be saved and more good would result from advising the Scholarships than at present by leaving several unutilized

This Statement is just clear the Dy Coll can send up his Recommendation, if any, for filling up the Vacant Scholarships in deserving Cases and he can certainly count upon Govt supporting his Recommendation All these Technical Scholarships are sanctioned by Govt and no satisfactory Reason is assigned as to why the Dy Coll should not be empowered to sanction them

4 The Case of one L V Shellam Iyengar is quoted by the Dy Coll of Eds as an example in which hardship is caused.

7 The ~~other~~ rule that a boy who has joined ~~an~~ a technical institution on his own account should not be given a scholarship afterwards may be relaxed so as to enable the I G to recommend special cases for favourable consideration Its strict enforcement does seem to work hard in some deserving cases.

8 The recommendation of the I G in favour of Shellam Iyengar may be sanctioned

Dear Mr. Madhava Rao

" His Highness desires me to return the papers relating to the case of Shellam Iyengar and the general question of Technical Scholarships

" His Highness agrees with the General principle that Scholarships should not be granted to Students who go to Technical institutions without the means required to enable them to complete their Course. But as there are vacant Veterinary Scholarships at the present moment and the Principal of the School has recommended the case of Shellam Iyengar, he thinks that an exception be made in his case".

As regards the main question

In the event of his having failed in his exams and of his not being a bonâ fide student he is likely to be struck off the rolls

His Highness is disposed to think that the grant of Scholarships should be kept in the hands of Govt and not handed over to the Insp^r Gen^l But he would be glad to know whether there is any objection to the Insp^r Gen^l making recommendations at any time of year when Scholarships tenable at Technical institutions fall Vacant He thinks it is a pity that Scholarships should be kept Vacant when there may be deserving Students who could Reasonably be helped"

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 7154/446 Encl one

Bangalore 20th February 1909

From

H J BHABHA ESQ MA

Inspector General of Education in Mysore

To

C S Balasundara Iyer, Esq, B A,

Offg Secretary to the Government of H H the Maharaja of Mysore, General and Revenue Departments, Bangalore

SIR

I have the honour to inform you that I am continually receiving applications for unfinished Technical Scholarships from poor students who for one reason or another have joined a Technical Institution first on their own account and then find it difficult or impossible to continue in their course without Government help Government have reserved the power of granting the technical scholarships in their own hands and they find it inconvenient to consider the subject more than once i e in the beginning of the year They have also made it a rule that if a boy has joined an Institution on his own account he should not be given a scholarship afterwards under any circumstances This practice and rule have often worked great hardship to deserving students whose circumstances often change after joining an Institution and at present there is no remedy as the Inspector General is debarred from proposing readjustments or recommending new men for scholarships that for many reasons fall vacant after they have been once conferred

2 Under these circumstances I suggest that the power to

to sanction the technical scholarships may be given in future to the Inspector General who will be in a position to consider the various circumstances of each case carefully and according to his best judgment make suitable awards to deserving applicants at any time especially during the first part of the year, within the limits of the budget sanction The Directors of Public Instruction of British India grant all scholarships from Government funds and there is no reason why the Inspector General of Education in Mysore, who is supposed to have the same powers should not be empowered to grant the technical scholarships This change I advocate not only in the interests of Government, who will be spared unnecessary trouble and of the Inspector General who at present has to correspond frequently with Government and is powerless to consider special cases however deserving under hard and fast rules, but also in the interests of poor and deserving applicants who for one reason or another have not been given scholarships in the beginning and who can not hope to get any in the middle of their course though there may be many unutilised or vacant scholarships

3 One case in point is the application of L V.Shellar Iyengar, a pupil of the Veterinary College Bombay, which I enclose herewith He applied for a Veterinary scholarship more than a year ago, but was not granted one, probably as other competitors were preferred to him. Being an ambitious and plucky boy he managed with great difficulty to join the College, and has ever since he joined been applying for vacant scholarships He is the son of a retired vernacular Headmaster, whose last pay was Rs.30 and who has been getting a pension of Rs 15 If for no other reason than the long and faithful service of his father and his scanty pension, the boy would deserve encouragement. But on his own account the boy is no less deserving He has successfully passed the first year's examination, and I know for a fact that without contracting large debts his father is unable to support him in a costly place like Bombay He is now begging for a scholarship for the second year of study. And yet there are about four scholarships not availed of or vacant at the present moment out of the sanctioned

Through T Ananda Rao Esquire B.A.,

Most Respected Sir

Being quite weary of this very miserable life I live at present I beg most humbly to seek an honorable Justice this time atleast from your Charitable Hand

After Several disappointments & reverses of my fate which I have had to struggle with my expectation of getting a Scholarship has brought low enough, but it would be a satisfaction tome that my present real Condition be known to you, which if it is, I flatter myself that I should have your indulgence — may your kind esteem

Refuse not most Respected Sir to receive for getting this end to a man who is ever ready to shed his blood in proof of his affection to you

I think I have amply represented all my difficulties both before you and Mr Ananda Rao, and still how I am So unfortunate as not to get any help from you is a mystery tome, as other students who have the same Educational qualification like me and who are in better circumstances than I am, are granted Scholarships in their 2nd year

You know that my father, a retired School master getting only a pension 15 Rs a month & six persons

To enable to support me here, and Beleh I have represented all my grievances before you stating that- I am so poor as not to pay my term fees even 5th

After applying good number of times through our Principal, at last I was led to hope for, by your Docket- to the effect- that- scholarships which fall vacant are not- to be given to other students during the middle of the year, but that- if I am again recommended by my Principal after my 1st- years progress was tested by the College Examination, that- Government would give them best Consideration to it; And in my previous applications sent by me our Principal has strongly recommended me- again to the effect that I am too poor and that- I should be given a vacant scholarship at last the time Still my case was not- taken into consideration by you

Again I humbly beg that- you will be so good enough as to exempt me from your present formal Proceedings as and then grant me a vacant Scholarship out- of so many vacancies now, Considering my poverty, my fathers Services, and my long pending Case for more than 3 years

May Heaven touch your heart- with kindness that- for may at least confer a vacant Scholarship on this poor young man who shall ever be indebted to you timely help.

Praying for your happiness & Prosperity

I beg to remain,
Most Respected Sir
Your most Obedient Servant
